

Weekend Worship at St. Francis beginning Sunday, August 22

! New Mask Protocols!

Masks at worship

At the St. Francis Vestry meeting Tuesday, August 10, it was decided that, as a temporary measure due to the increase in COVID activity and, along with Bishop Reddall's recommendations, starting on Sunday, August 22, **masks will be required for everyone, vaccinated or not**, at Sunday worship services inside the church. The safety of our worshipers is paramount to us. **Please Note: This is a temporary measure.** Masks will be optional for small church groups using our meeting rooms. *Julie Reppenhagen, Senior Warden*

- Entry to the church will continue to be from the West parking lot and South Chapel entrances.
- Greeters will meet you and ushers will seat you in the church.
- We must continue to bring and wear our masks and remember to practice social distancing (unless you are a couple).

Coffee Hour Outside Once Again

Starting Sunday, August 22, due to the increase in COVID activity, the Vestry has decided to move Coffee Hour after worship back outside for the time being. This way, we can enjoy our visiting time outside in a safer environment. *Julie Reppenhagen, Senior Warden.*
